

Water Tank System

ANY JOB. ANY SIZE. ANY PLACE.

The **Water tank** is designed to help maximize space in your truck while keeping the water from freezing and all components warm. The 250 gallon water tank can be used for blowing stabilized insulation in the attic or in wall spray applications.

- All components are enclosed in an insulated cabinet
- Insulated steel panel door gives access to pump, hose and heater.

Included:

- M-03 Wanner water pump
- Cabinet heater with thermostat
- Electrical GFCI outlets
- Hose Reel w/200' of 3/8" hose
