

# Vertical Water Tank

## ANY JOB. ANY SIZE. ANY PLACE.

The Vertical water tank is designed to help maximize space in your truck while keeping the water from freezing and all components warm. The 160 gallon water tank can be used for blowing stabilized insulation in the attic or in wall spray applications.

- All components are enclosed in an insulated cabinet
- Low bi-fold doors give access to pump, hose and heater
- Large upper door gives access to water tank

### Included:

- M-03 Wanner water pump
- Cabinet heater with thermostat
- Electrical GFCI outlets
- Hose Reel w/200' of 3/8" hose

### WEIGHT/DIMENSIONS
